5 Quick Reads with Business Wisdom You'll Love

Many business books just don't cut it.

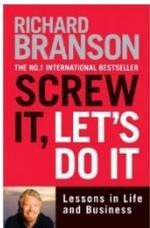

They are overlong, packed full of jargon and not particularly fun to read.

So I've put together this list of great little books that you'll enjoy reading.

Each one takes just a couple of hours to read, but is so packed full of insight that you may find yourself coming back to it time and again.

If you've not read these little gems yet, why not give them a try?

Screw It, Let's Do It – Richard Branson

Forgive the pun, but you will fly through this little book crammed full of stories illustrating lessons in life and business drawn from Richard Branson's extraordinary career.

Branson teaches us that if you have faith in yourself you'll find that you can achieve almost anything.

Favourite Quote: "Never do anything if it means you can't sleep at night"

The One Minute Manager – Keith Blanchard and Spencer Johnson

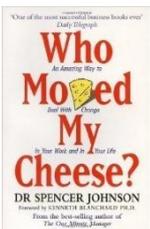

Practically everyone has heard of this book. Many of us have read it several times over and recommended it to others.

It is a simple tale with 3 management "secrets" that remind us how to get the best out of ourselves and others.

Favourite Quote: "None of us is as smart as all of us"

Who Moved My Cheese? – Spencer Johnson

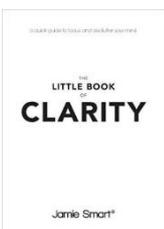

The only constant in life is change and yet, most of us find change unsettling. You have to move with the times or be left behind.

This message, coined so many years ago, is even more relevant in this age of digital transformation.

Favourite Quote "Life moves on and so should we"

The Little Book of Clarity – Jamie Smart

If you're anything like me, you've probably got a lot of things on your mind. A lot of which is clutter, slowing you down and clouding your thinking.

You may find that Jamie Smart's Little Book of Clarity quite literally takes a weight off your mind.

Favourite Quote: "Inspiration often shows up when you're already doing something else"

Don't sweat the small stuff – Richard Carlson

It is so easy to get caught up in the detail of the day to day and the urgency of achieving one target after another.

If you are feeling on edge or stressed out, reading this little book may refresh your perspective on life's little trials and tribulations

Favourite Quote "Irrespective of what happened yesterday or last year, and what may or may not happen tomorrow, the present moment is where you are—always!"

I hope you enjoy these 5 great little books.
